- 25X1 1. On 3 June 1950, three destroyers were observed tied up alongside the outer  
25X1 mole of the harbor of Warnemunde. These vessels had one funnel and carried  
25X1 four guns and two rows of torpedo tubes. [redacted]  
25X1 [redacted] they were vessels of the "GROMKI" class which the  
25X1 Russians used during the recent war. It was observed that the ships had some  
25X1 form of radar net three-quarters of the way up the rear mast. This radar  
25X1 net was in the form of a small box constructed round the mast. A sketch of  
this screen follows.

2. The vessels left the harbor the same afternoon.
